------------	-------

(Rates fluctuates daily depending on market movements)

Government bonds

- Investment term options between 2 to 30 years.
- **Bonds may be sold at any time** but will be done at that day's specific market price thus, having the potential of making a capital profit or loss if sold during holding period.
- **Minimum investment amount: N\$50,000.**
- The inclusion of government bonds is dependent on the availability of such bonds and does mean that it could not be immediately included in the portfolio. We have bond auctions every two weeks.
- The yield to maturity is the discount rate that equates the future coupon payments and principal amount of a bond with the market price. These are indicative rates, subject to change.
- **Coupons are paid every 6 months directly into your call account at Simonis Storm.**

***Kindly note that the above coupon rates are tax free for the Namibian individual.**

* Government Bonds can be sold before maturity.

JSE Equity Portfolio

- High Risk Investment Instrument
- A diversified portfolio of JSE listed shares are chosen based on our in-house research with the focus on the Top40.
- Dividend income is either reinvested in additional shares or can be transferred to supplement cash flow needs.
- Returns cannot be guaranteed.
- Monthly investment committee meetings are held to assess shares held in client portfolios.
- **Minimum requirement: N\$1,000,000.**

Offshore Structured Products

- Provides exposure to an index of foreign shares.
- Investment period options between 3 to 5 years.
- Guaranteed returns based on performance of index. Typically, between 15% - 20% per annum for Rand denominated products and between 8% - 12% per annum for foreign currency denominated products.
- 100% capital protection up -40% growth in the index.
- You can choose between foreign currency (USD, GBP or AUD) or Rands.
- Pure capital growth investment, no tax implications given that Namibia does not have capital gains tax yet.
- Minimum requirement: N\$100,000 to N\$300,000 (depending on product's terms and conditions).
- Products comes up Ad Hoc and on availability – Currently on offer Britannic Opportunities Ltd.
- Investec allows exit through secondary trades (if sold before Term ends).

Offshore Unit Trust

Direct offshore equity:

- We make use of the Arysteq Global Opportunities Fund.
- Shares across global stock exchanges are purchased in world currencies mainly US dollar.
- No capital protection or guarantees returns.
- This is classified as a high-risk investment.
- It is a pooled fund. In other words, your money is combined with other clients to purchase the shares.
- **Minimum requirement: N\$50,000.**

Local Unit Trust

Unit trusts:

- More accessible to those who do not have the minimum for a JSE share portfolio.
- We invest in a range of Unit Trust such as:
 - Equity Unit Trust, Balanced Fund Unit Trust, Real Return etc. - see fund fact sheets attached.
- Range of low- to high-risk unit trusts are available for multiple investment objectives and needs.
- These instruments can be used as an educational savings vehicle for children.
- Withdrawals can be done within 3 working days.
- **Minimum requirement: N\$10,000 lump sum.**

Long-Term Insurance

- Life insurance, in all its varied forms, is simply a set of methods for handling financial risk in the event of death. So, instead of trying to accumulate a sizeable emergency fund during your lifetime, you can leverage the benefits of life insurance to create a fund for your family.
- Retirement Annuities are a strategic long-term investment aimed at facilitating retirement savings starting from age 55. This cost-effective solution optimizes a client's retirement funds and offers tax deductibility benefits.
- Living Annuities allow you to invest your retirement savings to generate income throughout your retirement years.
- A Pension Fund involves employees setting aside money during their working years for retirement purposes.
- Life Annuities are structured to require annuity payments at the commencement of each monthly, quarterly, or annual period, rather than at its conclusion.

Short-Term Insurance (Personal)

- Your home. Your valuables. Your vehicles. Your IT system and its contents. Short-term insurance cover demonstrates what's important to you and protects your assets against loss, theft or breakage.

What you can insure:

- Protection of household contents – Mechanical and Electrical Breakdown.
- All Risk.
- Houseowners/Buildings.
- Motor/vehicles – Mechanical Breakdown/Motor Extension/Roadside Assist.
- Personal liability.
- Extended liability.
- Personal accident.
- Pleasure craft/watercraft.
- Petmed.
- Legal Access/Legal Assist

Short-Term Insurance (Commercial)

- Business interruption
- Business all risk
- Buildings combined
- Accidental damage
- Fire
- Fidelity
- Electronic equipment
- Deterioration of stock
- Goods in transit
- Group personal accident
- Householders
- Houseowners
- Livestock
- Machinery breakdown
- Money
- Motor Fleet
- Motor specified vehicles
- Office Content
- Theft
- Glass
- Travel Insurance

Estate Planning

- Estate planning is essential for inter-generational wealth transfer. It preserves wealth during your lifetime regardless of financial status. Despite its challenges, estate planning provides emotional and financial security.
- An up to date and valid Will is the most important estate planning tool.
- Take inventory of all tangible and intangible assets.
- Ensure plans for your family are set.

Retirement Planning

- A comfortable and easy retirement eludes only those who fail to plan. Your retirement dreams—whatever they might be—can be realized in the future, provided you understand now what's required to fulfil them. At Simonis Storm, we guide you in charting your path and consistently monitor your journey towards your goals.

Requirements

- Original certified copy of your ID/Passport.
- Proof of residence such as a water and electricity municipal bill or a lease agreement.
- Proof of banking such as a bank statement stamped by the bank or a letter from your bank manager confirming your banking details, not older than three months.
- Completed and signed mandate.
- Our fees.

These are all the fees applicable to the above-mentioned investment instruments:

Fixed N\$25 per month (N\$300 per annum) admin fee on the Money Market Call account.

Withholding tax as per company scale which we deduct for each client and pay on their behalf to the Receiver of Revenue.

- JSE share portfolio with Investec:

1% annual management fee if we manage the portfolio for you.

N\$5,000min or 0.25% on the value of the portfolio 2mil+ annual admin fee if you manage the portfolio on your own.

Fees on structured products are built in and not directly payable (typically 0.65% per annum) and 1% upfront Advisor Commission:

- JSE share portfolio with ShareNet:

1% annual management fee if we manage the portfolio for you.

170.00 per month custody fee for account holders.
